ABF-L1 Multi Speed Exhaust Fan w/ Light and Humidity Sensor

By Aero Pure

Description

The ABF-L1 Multi Speed Exhaust Fan with Light and Humidity Sensor is a quiet IC-rated bath fan suitable for new construction or remodel applications. Featuring a dimmable 10W LED light, 0.7W LED nightlight and brushless DC motor, this fan is a versatile energy-efficient solution for refreshing your space. The fan, main light and nightlight can be wired separately. A high flow speed of 50, 80, or 110 CFM and a continuous lower speed can be set using switches in the fixture. The humidity sensor can activate high airflow when humidity rises above a level set by the user (50-100%). The fan has rust-proof steel motor housing, a built-in backdraft damper and thermal shutoff. It fits in 2 x 8 inch construction, and includes articulating expandable anti-vibration brackets and a connector for 4, 5 or 6 inch ducts. ETL listed for use in a tub or shower enclosure when GFCI-protected.

Specifications

COLOR	N/A
