Croydon Wall Sconce

By Currey & Company

Description

The Croydon Wall Sconce is a clean, modern interpretation of waterlilies. Thin arms finished in brass represent the stems which live under water, while off-white shantung shades mimic the shape and color of the flowers which float just above the water. Clear glass bobeches reproduce the color of water. This sconce is made of wrought iron with brass and satin black finishes.

Shown in brass / satin black / off white
