

BRAND Hudson Valley Lighting

DESCRIPTION

The Ellington Wall Light features a sculpted metal collar that doubles as a backplate, attaching the sconce directly to the wall without the need for any additional adornment. The real focus of this fixture is the alabaster tube shade. Equally as beautiful unlit, the alabaster gives off a gorgeous, soft glow when filled with light. Each piece of alabaster is unique, containing its own character with natural veining patterns. As a result, we cannot guarantee each piece will match. *Note:* This fixture is designed to be mounted on a 2 inch x 4 inch switch box and will not cover a standard 4 inch octagonal junction box.
