Juliet Pendant

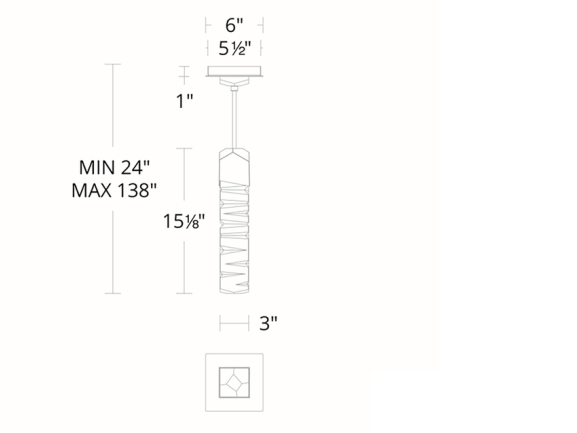

By Modern Forms

Description

The Juliet Pendant catches the eye with its dramatically carved, faceted column of solid K9 crystal as it casts a prismatic play of light and shadows. The column is topped with a die cast aluminum cap, chiseled asymmetrically to coordinate with the crystal. A crystal decoration embellishes the canopy above for added brilliance if desired. The pendant can be installed with or without this canopy crystal. Use this mini pendant alone or in multiples to add ambient illumination with artistic flair to your space. Dimmable with a TRIAC or ELV dimmer, sold separately.

Shown in aged brass / clear

Specifications
