Luzerne Wall Sconce

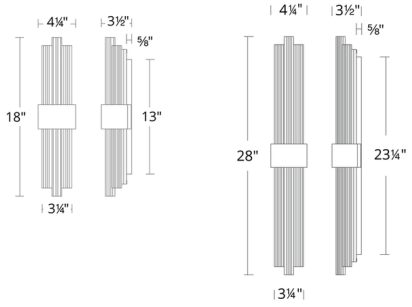

By Modern Forms

Description

Featuring an elegant bundle of slim fluted glass cylinders, the vintage-inspired Luzerne Wall Sconce boasts a unique, highly textured design. Light shines out of a frosted acrylic diffuser behind the glass, highlighting the ridged design and spreading ambient illumination. The Luzerne elevates any space with its chic aesthetic, whether placed in a master bathroom or contemporary living room. This sconce can be installed vertically, horizontally, or in any other orientation. It uses a driverless AC LED system and is dimmable with a TRIAC or ELV dimmer, sold separately. Note: A conversion plate is included to accommodate a 4 inch junction box.

Shown in aged brass / clear
