Discus Smart Ceiling Fan with Light

By Generation Lighting

Description

The Discus Smart Ceiling Fan features a minimalist and contemporary design that can connect to your wifi allowing you to control your fan with your phone or smart home device such as Alexa, Google Home, or Siri. Available with a Brushed Steel motor with reversible Silver/ American Walnut blades or Aged Pewter motor with Light Weathered Grey Oak blades. This Fan features a five blades set at a 12 degree pitch and complemented by a powerful 150x16mm four speed reversible motor that is precision balanced to prevent wobbling. The Bond Home app allows you to control the fan from your phone, but this fan also comes with a 5-speed hand held remote. Includes a 4.5 inch downrod.Note: Handheld remote control only. There is no wall control option compatible with this fan.
