Windfall Outdoor Wall Sconce

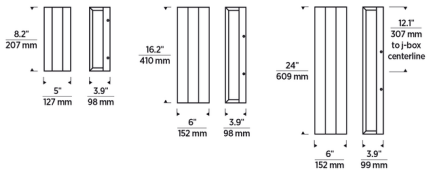

By Visual Comfort Modern

Description

Defined by crisp lines and a slim profile, the Windfall Outdoor Wall Sconce perfectly complements contemporary architecture styles. LED light reflects off of the backplate, providing a gentle glow of indirect illumination suitable for way-finding in outdoor corridors and walkways. Die cast aluminum construction, a powder coat finish, and stainless steel hardware ensure durability against harsh outdoor elements. 8.2 inch and 16.2 inch high 120-277V fixtures: TRIAC, ELV, and 0-10V dimmable. 24 inch 120V and 277V fixtures: ELV dimmable. Note: The fixture may be mounted vertically or horizontally. It is only suitable for wet locations when installed vertically.
