Varsha Pendant

By Golden Lighting

DAMP

Description

The beauty of water is the inspiration behind the contemporary Varsha collection. Create a relaxed mood with this modern interpretation of refractive water. Drift on the waves of the thick artisan glass with no worries of being swept away by a current. Strong geometric arms carry the Hammered Water Glass while veiled screws hold the panels in place. The frame's repetitive boxes converge to create a center column. Strong candelabras sit upon wide cups that are partially concealed behind the beautiful glass. This pendant is perfect for a kitchen nook or hung as a pair over an island.

Shown in matte black / clear hammered glass
