Echo Ceiling Light

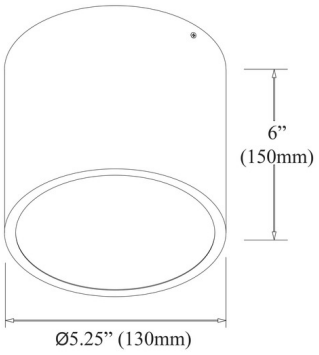

By Dainolite

Description

With clean lines and a classic shape, the Echo Ceiling Light has a thoroughly modern edge. The design features an LED light. LED fixtures produce light at up to 90 percent better efficiency than incandescent lighting. A metal frame in your choice of finish holds a sleek acrylic housing for the LED light. With its generous proportions, it makes an emphatic statement in style. Echo lighting adds a subtle note of style to bedrooms, dinettes or the main hallways of your home.

Shown in matte black / frosted
