## Oversized Tapered Drum Pendant

By Dainolite

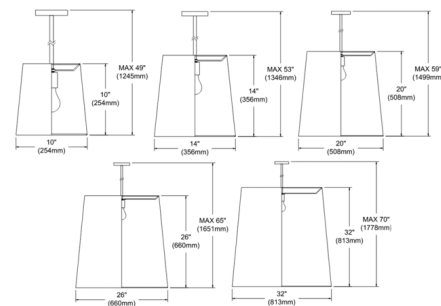

### Description

The Oversized Tapered Drum Pendant provides minimalist designs like this communicate confidence with the visual clarity of geometry. The disappearing character of the slim suspension helps make the piece a standout on its own or in sequence over a table. The fabric shade fine-tunes the traditional tapered shade to its essential form. The depth of the shade gives depth to its light as a diffused down glow streams through the opening. Note: Not all options are available.

Shown in aged brass / black / gold / black / gold
