Valemont Wall Sconce

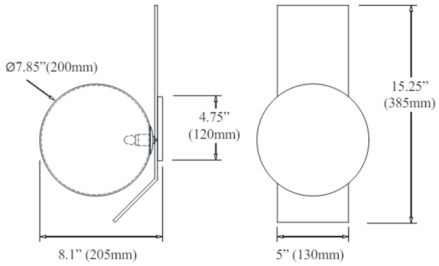

By Dainolite

Description

The Valemont Wall Sconce is a refined piece, giving one's home an artful and architectural silhouette. This sconce rests on the wall with a hidden backplate for a floating look. A rectilinear metal panel rests on top, angling forward to beautifully cradle the lamping. A globe shade rests at the base, charming like a bright pearl. Light scatters softly through the shade, translating to a soft glazing glow.
