# In Vitro Unplugged Table Lamp

By FLOS

## Description

Embrace the ultimate flexibility in lighting with the Flos In Vitro Unplugged Table Lamp, an elegant design that brilliantly modernizes the classic lantern into a contemporary, portable structure. This lamp is a perfect fusion of craftsmanship and advanced technology, designed to provide a magical, warm, and atmospheric glow wherever you desire it. A cleverly concealed LED light source appears to magically illuminate, radiating beautifully through the slim, transparent glass dome shade, creating an inviting ambiance on any surface.The In Vitro Unplugged offers sophisticated control, featuring a dimmer driver (5/100-240V/50-60 Hz) seamlessly integrated into the body of the device. An intuitive optical touch sensor on the lamp's head allows you to regulate the brightness in four convenient steps: 100%, 50%, 3%, and OFF. Powered by a rechargeable battery and including a micro USB-C cable for charging, this portable luminaire provides an impressive up to 6 hours of usage per charge. Available with a choice of 2700K or 3000K color temperatures, the In Vitro Unplugged Table Lamp is a perfect blend of timeless charm and modern convenience for any contemporary or transitional setting.
