**DESCRIPTION**

The Coupe Floor Lamp is composed of a Metal Lacquered base, Chromium-Plated stem and Adjustable Lacquered Aluminum reflector. The simple mechanism that connects the stem to the head makes it possible to direct the light in any direction - moving the dome up, down and sideways. In 1968 Coupe 3321 won the International Design Award of the American Institute of Interior Designers in Chicago and is part of the permanent collection at the MoMA in New York.
