Adan LED RGBW Planter

By Vondom

Description

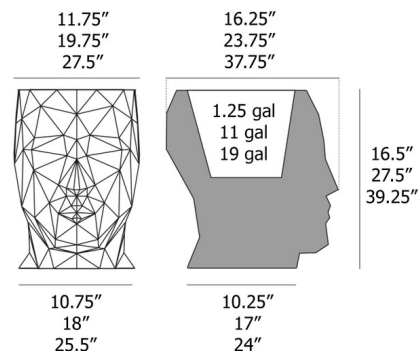

Grow your favorite flowers, vegetables or herbs indoors or outdoors with the Adan Planter. This versatile indoor/outdoor planter is made with polyethylene resin and is made from 100% recyclable materials. Unlike a normal garden planter, this planter pot shines LED light that helps consistently warm and grow your plants. Shock-resistant and designed with draining holes, this pot won't waterlog your plants during the watering process. Upgrade your indoor/outdoor planting capabilities with this versatile, LED planter. Remote control included. Nine programmed RGBW color options with three white LED color temperature options (Warm White 2700K / Natural White 4000K / Cool White 6500K).
