Topan Pendant

By &Tradition

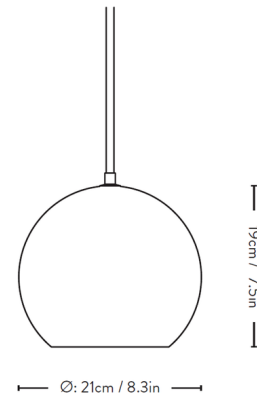

Description

With its bold spherical silhouette, the Topan VP6 Pendant was truly ahead of its time when developed in 1959, and was a precursor to the Pop Art Movement. The shade is skillfully spun from a single piece of aluminum into its perfectly rounded form. Not only a source of illumination, this sculptural piece is a chic decorative element for your space whether suspended alone or in clusters.

Shown in matte black / matte black
