DESCRIPTION

The Copenhagen Pendant carries an industrial feel yet is elegant and poetic at the same time. An exercise in contrasts, it combines the classic and the modern, the maritime and the industrial. It is available with either a mouth-blown Opal glass shade that creates a diffused warm glow, or a Matte Black spun metal shade for a more directional up and down light. Placed in an office or over a dining table, the Copenhagen provides instant ambiance with sophistication. Three sizes are available, 7.8 inch (model SC6), 13.8 inch (SC7), and 23.6 inch (SC8), with or without UL listing. Non-UL versions have a black fabric cord, while the UL versions have a black PVC cord. Note: The 23.6 inch size is only available with a Matte Black shade.

Shown in: Bronzed Brass / Matte Black
