Brilliance Oval Lighted Mirror By Electric Mirror

Description

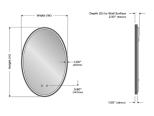

The Brilliance Oval Lighted Mirror offers greater illuminance with half the power consumption of traditional LED mirrors. Integrated one-touch dimming with inward-facing task lighting on the front for brilliant facial illumination and ambient wall glow with diffuser for a finished side view. Controlled by non-dimming wall switch for on/off, and capacitive touch button on fixture for dimming.Note: Brilliance can only be hung in the W x H orientation as shown; fixture is not field-interchangeable.
