CDL Commercial Retrofit Downlight with External Driver By Green Creative

Description

The CDL Commercial Retrofit Downlight with External Driver Junction Box retrofits existing commercial housings and is field accessible from below the ceiling. Self-flanged spun aluminum reflector with white painted trim flange and polycarbonate optical lens with 90 degree beam angle. Includes friction clips allowing for easy installation of aluminum reflector and quick connect wire harness for easy wiring installation. Universal 120-277V LED driver in external driver junction box dims to 5% using electrically isolated 0-10V circuit. Note: Limited options available.

Shown in white / aluminum
