Hold Pendant

By SkLO

Description

The Hold Pendant features an expressive glass vessel, appearing to droop from a double-ended brass hook hanging from a loop at the canopy. A Brass socket is held from a fabric-wrapped electrical cord and suspends the light bulb within the opening of the glass. Accommodates sloped ceilings. 12 inch size is Damp Location rated. Note: One 6 inch, two 12 inch, and one 18 inch downrods are included as standard and allow for field adjustability. Custom, non-adjustable overall heights can be specified to order (additional fees may apply).
