Eminence Lighted Mirror By Electric Mirror

Description

The Eminence Lighted Mirror features a shadow box design and offers greater illuminance with half the power consumption of traditional LED mirrors. Integrated one touch dimming inward-facing task lighting for brilliant facial illumination and wall-glow ambient lighting with diffuser for a finished side view. Controlled by non-dimming wall switch for on/off, and capacitive touch button on fixture for dimming. Note: Eminence can only be hung in the W x H orientation as shown; fixture is not field-interchangeable.

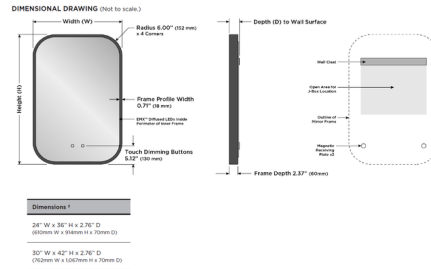

Shown in matte black / mirror
