Dottie Large Pendant

By Visual Comfort Studio

Description

Simple and playful, dots are a signature graphic motif of the kate spade brand. With a whimsical dot pattern cut into metal, the Dottie Large Pendant creates a fun ambient light effect. The shade and body are crafted from steel, with the body finished in either a sophisticated metallic tone, or matte white for a modern monochromatic look. An etched glass diffuser at the bottom softens the light. Use this fixture for a range of applications, whether above a dining table, in a nook, or over an island.

Shown in burnished brass / matte white
