Dottie Wall Sconce

By Visual Comfort Studio

Description

With a big dot shield at the front, the Dottie Wall Sconce celebrates this iconic kate spade design element. The dot is folded, creating a faceted surface inspired by kate spade jewelry and giving the light behind it room to shine. The integrated LED module is covered with a matte white glass shade and has warm dim technology--the light warms in color from 3000K to 2200K as it is dimmed. Use this graphic sconce in a hallway or powder room, or mixed among artwork and playful compositions of decor.

Shown in polished nickel / white glass
