Kimrose Linear Chandelier

By Kichler

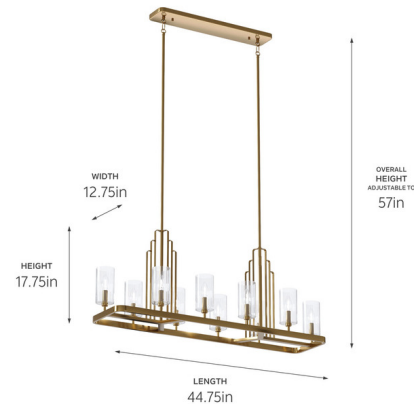

Description

The glamorous Kimrose Linear Chandelier was inspired by the Madison Belmont Building in New York City, an icon of Art Deco architecture. True to its inspiration, the chandelier exudes Art Deco with its fluted glass cylinder shades and elegantly finished motif of rounded corners. This piece can be styled with or without the glass shades. Multiple downrods are included for customizing overall height.

Shown in brushed natural brass / clear
