Landscape Smart Control Accessory

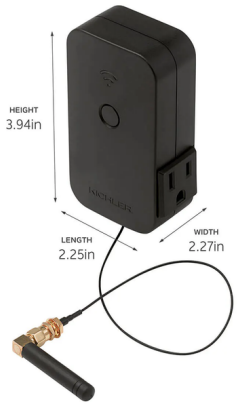

By Kichler

Description

Compact and easy to install, the Smart Control Timer works with the Kichler Connects app so you can digitally control your landscape lights from your smartphone, tablet or voice controlled home device (Amazon Alexa and Google Home). Perfect for new or current landscape projects, giving you the ability to control your outdoor environment. Through the app, you can utilize and control one of the preset lighting schedules or create custom schedules. Operates with Bluetooth and Wi-Fi for cloud and location-based control, including astronomical scheduling, to align with the daylight savings hours and the changing seasons. Fits within Kichler Contractor Series, Plus Series, and Pro Series transformers as well as other compatible units and is rated for indoor use and in outdoor enclosures
