Stratum Linear Pendant

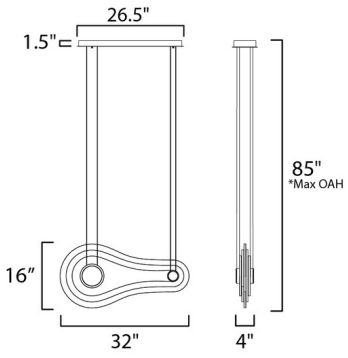

By Studio M

Description

The eye-catching Stratum Linear Pendant is composed of thick glass slabs layered between discs finished in Natural Aged Brass. The arrangement hangs from faux leather straps that hide the electrical wiring, and concealed LED tubes evenly distribute light in all directions while highlighting the curved, offset glass outlines. Resembling gears and pulleys, this creatively designed pendant is a fascinating piece that elevates your lighting scheme. The 2022 Chicago Athenaeum Museum of Architecture & Design Good Design Award winner.

Shown in natural aged brass / clear

*max overall height
