Paopao Pendant P1

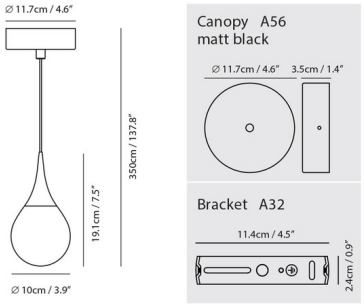

By Seed Design

Description

Inspired by organic shapes and the artistry of fine jewelry, the Paopao Pendant P1 features an elegant teardrop silhouette formed by a glass sphere and matching metal cap. The glass is hand-blown and vacuum-plated in layers to create a beautiful gradient. Like a bubble, it produces a mesmerizing play of color and light as it reflects its surroundings and the inner light. The down beam angle of 58 degrees minimizes undesirable glare while ensuring sufficient illumination. This alluring pendant elevates your space with its chic simplicity. Built-in dimmable driver.
