Paopao Chandelier

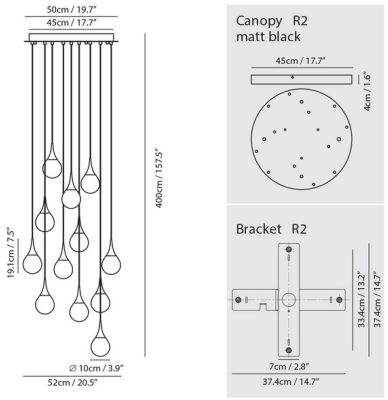

By Seed Design

Description

Inspired by organic shapes and the artistry of fine jewelry, the Paopao Chandelier is a cluster of elegant teardrop silhouettes composed of glass spheres with matching metal caps. The glass is hand-blown and vacuum-plated in layers to create a beautiful gradient. Like a bubble, it produces a mesmerizing play of light and color as it reflects its surroundings and the inner light. The down beam angle of 58 degrees prevents undesirable glare while ensuring sufficient illumination. This alluring chandelier elevates your space with its chic design. Built-in dimmable driver.
