Paopao Multi Light Pendant By Seed Design

Description

Mimicking bubbles, the Paopao Multi Light Pendant shows off mesmerizing effects of light and color as it reflects its surroundings and the glowing light inside. Inspired by organic shapes and the artistry of fine jewelry, it is a gathering of elegant teardrop silhouettes formed by glass spheres with matching metal caps. The glass is hand-blown and vacuum-plated in layers to achieve its beautiful gradient. The down beam angle of 58 degrees minimizes undesirable glare while ensuring sufficient illumination, and the ring frame height is adjustable. This alluring pendant elevates your space with its chic design. Built-in dimmable driver.
