DESCRIPTION

The Osso Table Lamp is a petite ivory lamp made in India with the surface of the body is clad in a bone-on-bone inlay. A design detail of note is how the bone that is cut by hand is perfectly matched to create a seamless feel. This is hard won given it is created from a natural material that is known for its unique characteristics, featuring an off-white linen shade. Continuing the inlay onto the stacked base is an even bigger challenge. On/off switch on socket.
