## Rame Multi-Light Linear Pendant

By Currey and Company

### Description

The Rame Multi-Light Pendant has teardrop shaped shades made of mercury glass with silver on the inside and copper on the outside. The personality of the patterns on the glass is evident whether the lights are switched on or not, but when illuminated the effect is dazzling. The thinness of the stems on which they hang and the lightness of the painted silver finish make the oblong shades seem to float. Note: Requires a junction box for fixtures weighing over 50 pounds.

Shown in silver / copper
