Caule Indoor/Outdoor Floor Lamp

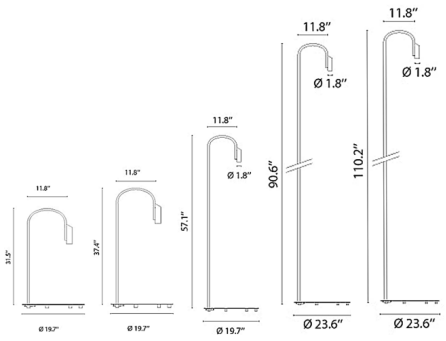

By FLOS

Description

Named for the Latin word stem, the Flos Caule Indoor/ Outdoor Floor Lamp presents an elegant form inspired by the organic beauty of a flower. Its distinctive curving stem gracefully supports a cylindrical diffuser, available in either a clean solid design or a captivating nest design that casts intricate, textured shadows. This adaptability allows you to choose between a focused, clear light or a more artistic, patterned illumination for your space.The understated lines and versatile nature of the Caule make it a perfect fit for both contemporary indoor settings and refined outdoor environments. It boasts a substantial 16-foot long cord with an IP44 plug, making it suitable for outdoor use, and includes a convenient dimmer switch that allows you to adjust the included LED from a subtle 30% to a full 100% brightness. Please note that the larger 90.6-inch and 110.2-inch sizes are exclusively available with the solid shade, ensuring a sleek profile for taller applications. This lamp offers an unparalleled blend of minimalist design, functional adaptability, and a touch of natural inspiration.
