

BRAND Lucifer Lighting

DESCRIPTION

The Impact Path Light features a regressed LED with slot aperture for glare-free path and step lighting. Provided with sealed polycarbonate linear diffusion lens. Install in concrete, stone or drywall. Available in a dry/damp or wet location option. Tamper resistant set screws included with wet location option. Fixture includes a 24V output universal back box (wet, dry/damp location and concrete pour rated), hanger bars adjustable from 14-24 inch, integral 0-10V analog and leading/trailing edge power supply (supports 1-12 fixtures), and flange.

Shown in: Architectural Bronze Powdercoat
