## Mini Star 24VDC Linear Static White/Color Outdoor Light

By PureEdge Lighting

### Description

Clean lines paired with a minimal profile create the Mini Star Outdoor Linear LED fixture. Using state-of-the-art technology the Mini Star is a workhorse housed in a compact design. With the ability to mount on the ceiling, wall or floor and choice of various lens options, the Mini Star is perfect for wall grazing, wall washing, and general outdoor lighting applications. Offered in Black powder coat or Satin Aluminum finish in two standard lengths and three lens options in a variety of static white and static color options. Mini Star requires a wet rated remote Universal power supply (dimmable with ELV, 0-10, TRIAC), or from a remote indoor location power supply, sold separately. Multiple fixtures can be ganged together up to 100 watts before re-feeding. Note: Required power supply, wet location junction box, dimmer control and optional accessories sold separately.
