82065 Outdoor Post Light

By Generation Lighting

Description

The 82065 Outdoor Post Light features an eye-catching, angular design that will make a dramatic statement in a variety of decor styles. The tapered body with beveled, frosted acrylic panes is topped by a two tiered roof. The trapezoidal motif repeated throughout the design gives this fixture a modern edge. The polycarbonate body and acrylic panels are designed to resist the elements and UV light. Designed for use with a 3 inch diameter post, sold separately.

Shown in black / frosted
