Alina Ceiling Light

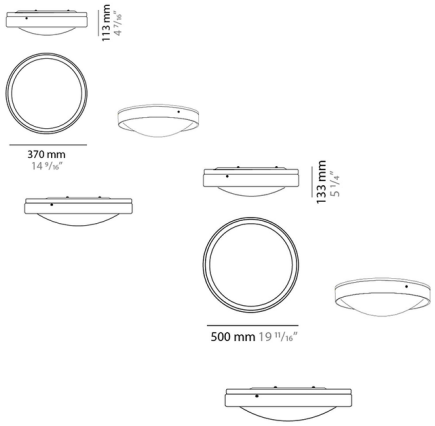

By ZANEEN design

Description

Alina is a ring-based design that creates a different light as the light expands inside the fitting, illuminating a rim of light. An LED surface-mount ceiling light, Alina is offered in a selection of different sizes and color finish combination options, allowing for design flexibility. As a traditional flush mount light, Alina is an apt choice for spaces in search of a classic ring pendant light with a twist.

Shown in stainless steel / black / satin opal
