Demetra Professional Plug-In Wall Light By Artemide

Description

The sleek Demetra Professional Plug-in Wall Light by Artemide, designed by Naoto Fukasawa, embodies ultimate flexibility and precision in its minimal aluminum form. This sophisticated task light is engineered to provide focused and efficient illumination wherever it's needed, combining elegant design with superior functionality. With its adjustable arms and rotatable head, the Demetra offers an extensive range of movement, allowing you to direct light with exacting accuracy. It emits highly efficient LED lighting and features an advanced anti-glare reflector, ensuring comfortable and productive illumination without eye strain. A sensitive touch dimmer conveniently located on the head provides intuitive control over brightness levels. Inspired by the Greek goddess of harvest, the Demetra is meticulously designed to foster a productive environment for harvesting creativity, making it an ideal choice for both business and home offices, studios, or any workspace where optimal and flexible lighting is paramount.
