## Etch Color-Select Regressed Panel Light By DALS Lighting

### Description

Built with a deep-set LED light and edge-lit technology, the Etch Color Select Regressed Panel Light delivers a smooth 360 degree wide spread of illumination through a frosted lens without uncomfortable glare. Use it in living rooms, lobbies, and other indoor and outdoor spaces for ambient lighting. Color temperature can be set to 2700K, 3000K, 3500K, 4000K, or 5000K using a switch on the panel wire. The fixture can be daisy chained. Includes a junction box with integrated driver. TRIAC and ELV dimming (see attached manufacturer dimmer reference). Optional accessories sold separately.
