Palma Pendant

By davidpompa

Description

The Palma Pendant pairs a handwoven palm fiber shade with contemporary metal hardware to create a striking contrast. Fine openings in the metalwork add another layer of texture to the woven shade for further visual interest. The color of Green Palma will change gradually over time. To delay this process, keep the piece away from direct sunlight. Includes a conical black canopy. Note: The Ochre metal finish is not available with Green Palma shade.

Shown in warm grey / beige palma
