Tower Outdoor Wall Sconce

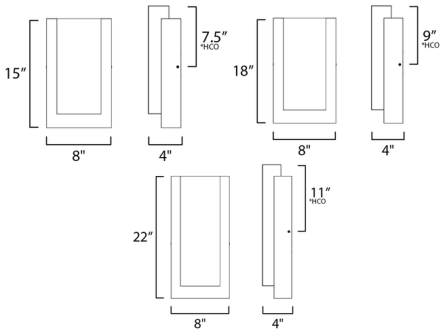

By Et2

Description

The Tower Outdoor Wall Sconce features a box of UV-rated acrylic that is constructed of precise miter cut corners and silk screened white on its interior to form a tower of evenly distributed LED illumination. For wet locations, the LED light source is completely sealed and provides softer omnidirectional illumination to add security and sufficiently brighten spaces. The die cast aluminum frame is finished in a black outdoor rated powder coat for longer lasting color in outdoor settings.

Shown in black / white
