## LEDOPTICG3 37Deg Narrow Flood Optic By Juno Lighting

## Description

Field installable 37 Degree Narrow Flood LED optic reflector accessory for Juno 5 inch and 6 inch G4 LED downlights and 6 inch LED eyeball retrofit trim. Provides option to the wide flood distribution shipped standard with LED downlights. Available in a 10 degree spot, 37 degree narrow flood and a 50 degree medium flood. Lensed reflector conceals the LED from direct view. Twist and lock design allows for easy installation of optic accessory into housing or trim.
