IC22LEDG4 6 Inch 600 Lumen IC New Construction Housing 120V

SPEC # JUN111037

BRAND Juno Lighting

DESCRIPTION

6 Inch 120 Volt 600 Lumen LED IC New Construction Housing is a dedicated LED, Air-Loc sealed new construction housing with integral light engine. Shallow housing allows for fit in 2 x 6 construction. IC designation allows housing to be completely covered with insulation. Fully sealed housing stops infiltration and exfiltration of air reducing heating and air cooling costs without the use of additional gaskets. Replaceable light engine mounts directly to housing and incorporates the latest generation high lumen output LED array. Comparable light output to a 65 watt BR30 incandescent while consuming less than 12 watts. Available with 3500K color temperature, 90 minimum CRI. Wide flood distribution shipped as standard with optional optic accessories available and sold separately. 120 volt only driver is dimmable with the use of most incandescent, magnetic low voltage and electronic low voltage wall box dimmers (see attached manufacturer dimmer compatibility reference). Life rated for 50,000 hours at 70 percent lumen maintenance. Energy Star qualified and Title 24 compliant with specific trims. UL listed for damp locations. 15.75 inch length x 9.1 inch width x 5.1 inch height. A complete fixture includes a housing and trim, sold separately.

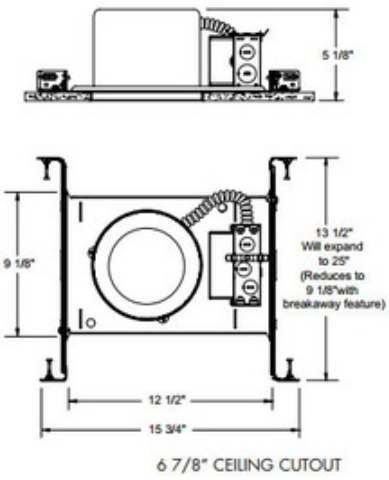

TRIM COLOR	N/A
BODY FINISH	Aluminum
WATTAGE	12W
DIMMER	Dimmable
DIMENSIONS	15.75"L x 9.1"W x 5.1"H
INTEGRATED LED MODULE	
LAMP	1 x LED/12W/120V LED

Technical Information

LUMINOUS FLUX	600 lumens
LUMENS/WATT	50.00
LAMP COLOR	2700K
COLOR RENDERING	90 CRI
LAMP LIFE	50000 hours
CEILING TYPE	Drywall with Trim

SPEC # JUN111037
