

BRAND

Hunter Fan

DESCRIPTION

The Seawall Outdoor Ceiling Fan with Light is ready to brave the extreme weather elements and other harsh conditions of your outdoor space. With its WeatherMax corrosion resistance, it withstands direct exposure to rain, snow, ice and coastal environments. The fan is also built with a WhisperWind motor and SureSpeed Guarantee to quietly deliver high-velocity airflow for fast cooling, and its energy-efficient LED light offers ambient lighting. One pull chain turns the fan motor on or off and adjusts to 3 speeds, and the other chain turns the light on or off. Fan direction can be reversed using a switch inside the light fixture. Optional accessories are sold separately.
