Spring Mill Outdoor Ceiling Fan with Light By Hunter Fan

Description

Designed with a light cage and Edison LED bulbs, the Spring Mill Outdoor Ceiling Fan with Light can go modern industrial or vintage coastal to complement your indoor or covered outdoor space. Its quiet WhisperWind motor with SureSpeed Guarantee delivers a comfortable breeze with high air velocity for fast cooling, while the energy-efficient lights provide ambient illumination. A 3-speed pull chain controls the fan motor and a separate chain turns the lights on or off. Fan direction can be reversed using a switch inside the light fixture. Optional accessories are sold separately.
