Wafer SQ 120-277V 4000K Wet Location Ceiling Light
By Maxim Lighting

UL · ADA · 💧 · ENERGY STAR · JA8 TITLE 24

Description

The Wafer Square 120-277V Ceiling Light was designed for the discriminate consumer who wants the low profile look of recessed without the high cost. Manufactured of die cast aluminum with a polycarbonate diffuser, Wafer brings ultimate heat dissipation to its edge lit technology. Edge lighting gives very even light distribution while dispersing heat over a larger area. The result of this is longer LED life and better light diffusion. Note: 120-277V: 0-10V dimming. 120V: Electronic low voltage (ELV) only.
