Wafer Round 120-277V ELV Dim Surface Light By Maxim Lighting

Description

The Wafer Round Ceiling Light was designed for the discriminate consumer who wants the low profile look of recessed without the high cost. Manufactured of die cast aluminum, Wafer brings ultimate heat dissipation to its edge lit technology. Edge lighting gives very even light distribution while dispersing heat over a larger area. The result of this is longer LED life and better light diffusion. Dimmable with ELV at 120V only.

Shown in white / white
