Petite Pendant

By Secto Design

Description

The Petite Pendant is a playful and compact fixture with a stylish Scandinavian aesthetic. The shade is constructed from angled slats of form pressed birch arranged around a powder-coated steel frame. Small gaps between the slats allow light from the included GX53 LED bulb to peek out through the sides of the fixture. The Birch, Walnut, and White shades include a white canopy, and the Black shade includes a black canopy.

Shown in black / black laminated birch

⌀ 7.9″
