Mist LED Pendant

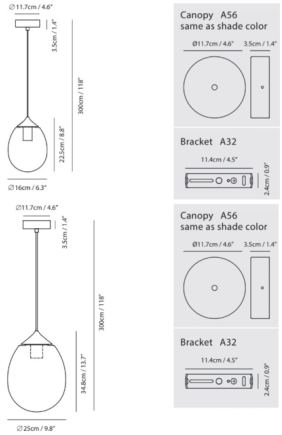

By Seed Design

Description

The Mist LED Pendant offers a raindrop shaped silhouette with a sandblasted, mouth-blown glass shade that illuminates its surroundings with a candle-like glow. With soothing proportions and an organic feel, the Mist Pendant is sure to enhance any room it is placed in. Group a cluster over a kitchen island or dining table for a striking appearance, or hang a single pendant for an understated, romantic look. The canopy is finished in the same finish as the socket.
