## Plug-In Pendant By Tala

### Description

The Plug-In Pendant by Tala offers a flexible, minimalist lighting option without the need for hardwired installation. A Graphite anodized aluminum or Brass socket is paired with an elongated black cord and nodes in a coordinating finish to suspend the fixture from the ceiling. An inline dimmer switch is included on the cord to adjust the light output. Pair this fixture with one of Tala's sculptural LED bulbs (sold separately) for a modern, abstract look. Designed for use with up to 20W LED or 25W incandescent medium base bulbs.

Shown in brass
