Lagatto Chandelier

By Eurofase

T20

Description

The Lagatto Chandelier draws inspiration from lily pads floating in the water. Each organically shaped handmade metal shade has been hammered to create its dimpled texture and is illuminated from below by an LED uplight. Light reflects off the underside of the shade, illuminating the space and the shades below.
Note: the 48 inch chandelier requires a junction box rated for fixtures weighing over 50 pounds.
