

BRAND Troy Lighting

DESCRIPTION

The Sanders 120V Outdoor Post Mount features a cottage-style lantern that captures the designer's light and airy vibe. The lantern features clear glass windowpanes on the top and sides, engaging negative space for added dimension. Old world details like a French iron finish and candlestick light source complete the look. Troy post lights are compatible with two types of base; order either a pier mount fitter or post depending on the application, required and sold separately.
